

The organizing partners who initiated Creatures of Habitat and volunteered their time to make it happen want to **THANK YOU.**

Organizing Partners:

Peninsula Streams Society-Ian Bruce & Francesca Loro
 Sidney Integrated Wellness Community Society-Britta Frombach
 School District #63-Tina Pierik
 Royal Roads University-Audrey Dallimore, Quasim Dar, Matthew Lacarte, Sarah Page, Kelly Tradewell, & Heather Wotton
 The Roy Group-Anne Marie Daniel
 Riverbank Design-Susi McMillan

Thank-you to all the Grade 6 students, teachers and parent volunteers of School District #63 who were on 12 different field trip sites all over the Peninsula, you pulled way more invasive species like ivy and blackberry than we could have ever dreamed of, planted trees, and cleaned our beautiful beaches. Your participation in the activities at the Mary Winspear Centre was fantastic and we hope that you use your knowledge and inspiration from this event to keep us accountable and get yourself active. Take the lead!

It takes a community to make kids heroes today and our community achieved this on Earth Day!

Thank-you to the 50 organizations and 100 volunteers who contributed in many different ways to make Creatures of Habitat - Days of Action possible.

Thank-you to:

The families of the Organizing Partners for their patience. Kentucky Douglas for the connections and inspiration at the onset. Our extended Team: Heather Gouley, Mikayla Savage and her mom, Mary, Patzy and John Kafka
